Subject: Cancel 1:00 Midcoast call

Hi Helen,

2 DEQ staff are unavailable for our biweekly 1:00 PM Midcoast call today, so we are cancelling it.

Many of the topics covered in our recent meetings are moving forward at various paces and some have even been resolved! (e.g., EPA funding for LiDAR moving forward)

The primary outstanding/unresolved higher priority issues that we didn't get to on May 3 are:

- Midcoast Schedule – Reality Check
- Technical approaches & resources to accomplish
- Discussion with Dave Powers (EPA) about the relationship between addressing the CZARA Additional Forestry Measures, and using the Category 4b approach to address the Sediment listings

Next call is May 31.

Please call if you have any questions.

Cheers,

R. David Waltz
